California State Park and Recreation Commission to meet in Eureka on Friday, October 26 to consider Humboldt Redwoods State Park General Plan

EUREKA – The California State Parks and Recreation Commission will meet at 9:30 a.m. on Friday, October 26th, in the Colonnade Room at the Eureka Inn, 518 7th Street, in Eureka.

The Commission will take action on the Humboldt Redwoods State Park General Plan, as well as classifying and naming two of the park's detached groves as a new State Reserve.

The General Plan provides for future planning for more recreational and interpretive facilities within the 53,000-acre park, which is located 45 miles south of Eureka in Humboldt County. The plan proposes significantly more protection for natural resources, specifically old growth redwoods, and would establish Natural Preserve and State Wilderness designations in prime resource areas of the park.

The Commission will also hear information about the classification and naming of the Lakes Earl and Tolowa Project near Crescent City and off-premise alcohol sales at the City Hotel in Columbia State Historic Park.

Members of the public may present oral or written statements at the hearing. Inquiries regarding statements or provisions for access for persons with disabilities may be addressed to Louis Nastro, (916) 653-0524, LNastro@parks.ca.gov or to the State Park and Recreation Commission at P.O. Box 942896, Sacramento, CA 94296-0001.
